

The *Chatsworth Silver*

The 'Silver' Chatsworth was introduced as a 14 foot home, with customer demand swiftly leading to the development of 20-foot wide twins.

16

The furnishings have been selected to ensure that a wide choice is available to suite most tastes.

The Chatsworth silver is a direct descendant and replacement of the original Chatsworth Classic.

The silver is the lead in home of the Chatsworth range, and shows fantastic value for money with no compromise on style or quality. The whole Chatsworth range has been devised from ideas and inspiration gained by listening carefully to customers. By choosing a Statley Albion, you will benefit from years of experience in the design and build of park homes.

Externally, the most striking features are, a gable over the front door, Georgian glazing to the windows is standard as well as a patio door.

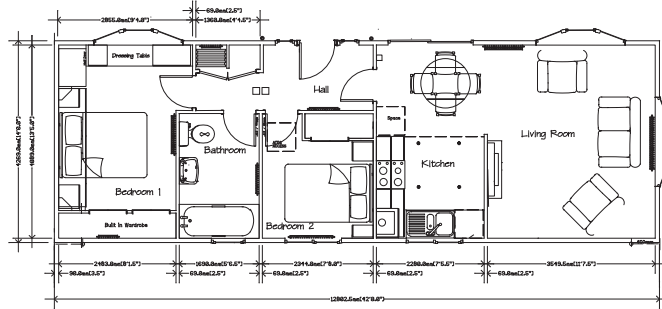

Cornerstones decorate the four corners of the home.

The bedrooms are stylishly equipped with fitted furniture in white ash which have mirrored doors. The rooms are well designed with plenty of hanging and storage space. The bathroom has that touch of luxury and boast the very popular Victorian style taps and fittings as standard. Downlights to the kitchen and hall, and gold or chrome power points and light switches are fitted throughout the home. You may select from our extensive range of soft furnishings, your lounge suite and fitted carpets, also fully lined curtains.
