

Arundel Twin

Traditional beauty with all the
frills of modern day living

Stately-Albion have now produced the most tasteful classically designed home in today's market.

Indulgent, spacious, splendid are all words you can apply to The Arundel.

From the moment you enter this superb leisure home you will be awed by the fully vaulted ceiling which continues into the glass gable. The front of your new leisure lodge is almost all glass and incorporates a walk in bay and French doors. Natural wooden blinds are fitted throughout the Arundel which are draped with natural muslin curtains. The home has an almost New England feel to it with a wooden floor to the kitchen diner and has a fine selection of freestanding oak furniture for you to enjoy.

Throughout the rest of your new lodge we have fitted a deep pile shag carpet.

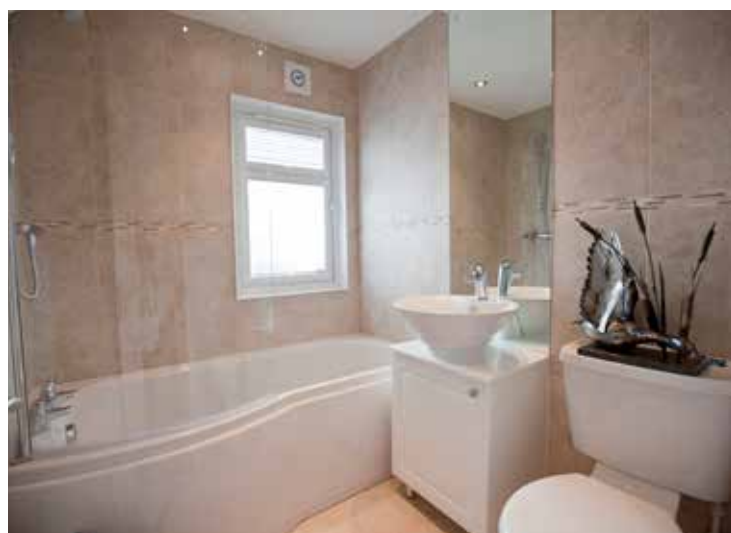

The kitchen is practical yet stylish. The predominant theme is cream, and we have introduced feature doors for you to select in the colour of your choice. This is followed into the open plan lounge, where with the feature colour chair to compliment your kitchen perfectly fits into your chosen colour scheme.

The fully tiled bathroom has the quality and style that you have come to expect from Europe's most experienced manufacturer.

The master bedroom is inviting and luxurious. With a walk in wardrobe and adjoining en suite, we have included everything that you could require in your private space.

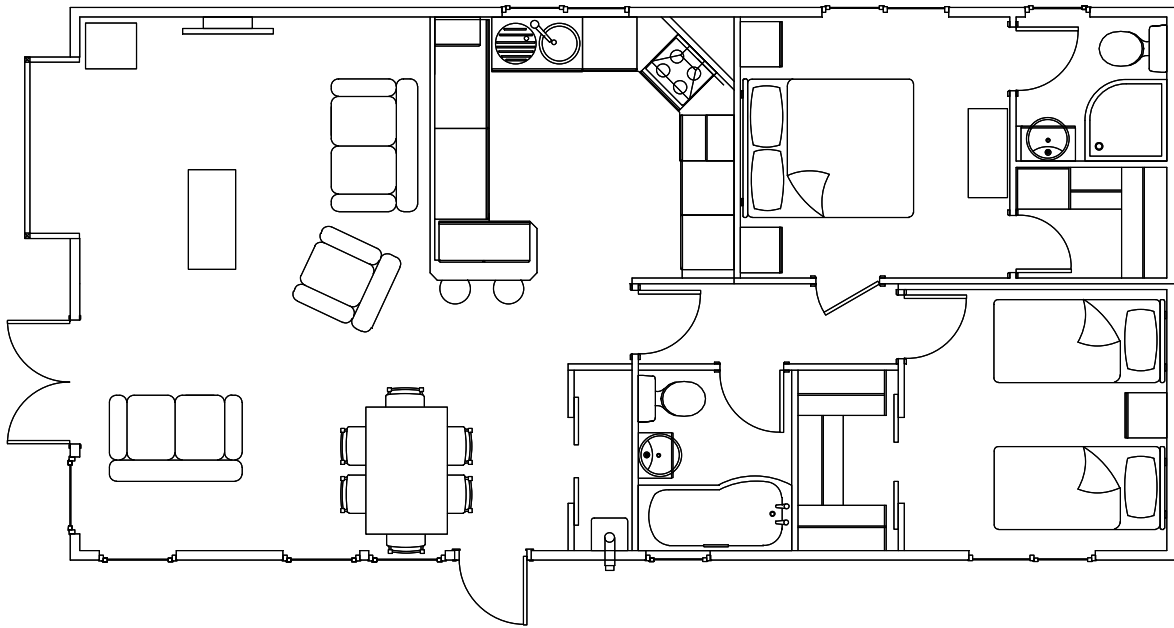

Your guest's have not been neglected. They too have a walk in wardrobe in their opulent bedroom, you have the choice of either a twin or double room.

Seeing is believing, we believe that the Arundel is one of the best choices you can make in which to spend your leisure time.

Arundel Single

Endless peace and tranquility,
surrounded by luxurious decor.

It was only a matter of time, that following the introduction of the stunning Arundel 20' wide, a single 12', 13' or 14' wide version would follow.

Our team of design experts have taken the unique features of its 'big brother' and cleverly incorporated them into this single version. Stunning full height floor to ceiling windows to both front and side elevations, combine perfectly with the awesome glazed gable section and fully vaulted ceilings to provide an abundance of light and space.

The interior specification of this vastly superior lodge mirrors that of its bigger brother using the same range of top quality fixtures and fittings. Its two tone contemporary kitchen adds colour to the open plan lounge/kitchen/diner. A coordinated splash of colour with an armchair or merely a few scatter cushions completes the picture.

The main bathroom offers the very best of fittings, with a superb selection of matching ceramic tiles. Both bedrooms are immaculately appointed, with a wide selection of matching fabrics, bed throws.

If you are looking for a top of the range leisure home - look no further!

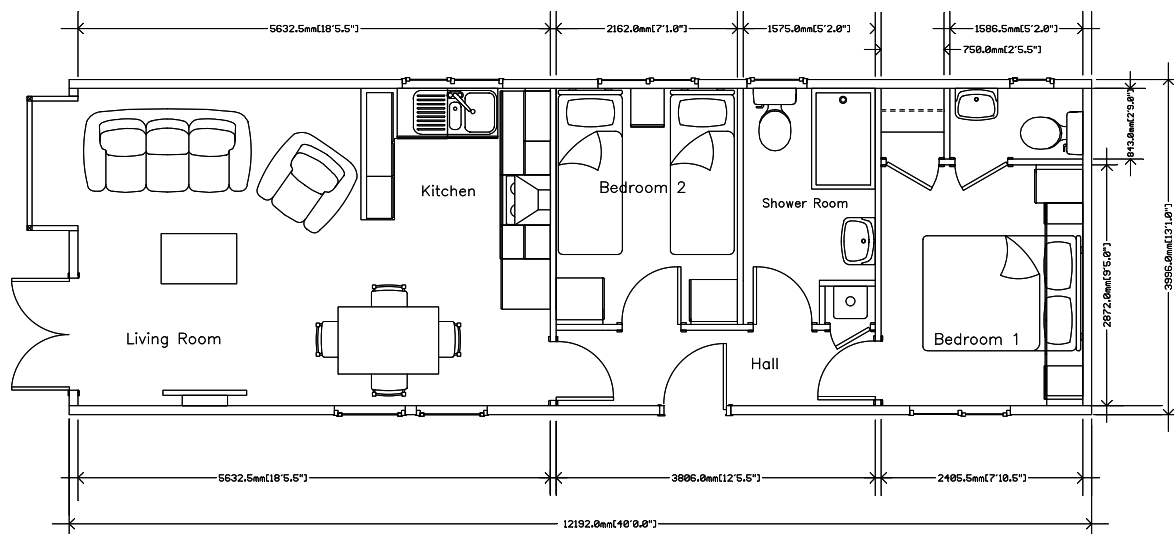

The needs of Stately-Albion's customers were paramount when this beautiful home was created.

Warwick Executive

Peace and tranquility with a modern elegant design

Stately-Albion have decided to design a Warwick with just that 'little bit more.'

What could we do to add to what we considered a superb lodge? Well we thought we would include everything that you have come to expect from our Warwick and add to the kitchen a velux window, an integrated wine cooler, glass feature shelves to the upgraded kitchen cabinets as a start.

How about the fully vaulted ceiling with feature glass to the front elevation? We are sure you will agree this is a welcome addition. A gable has been added to the exterior, just to add to the 'wow' factor that already existed.

The bedrooms are complimented with hi gloss furniture, in a colour of your choice. Full tiled bathroom complete with an opula shower bath and screen is also included.

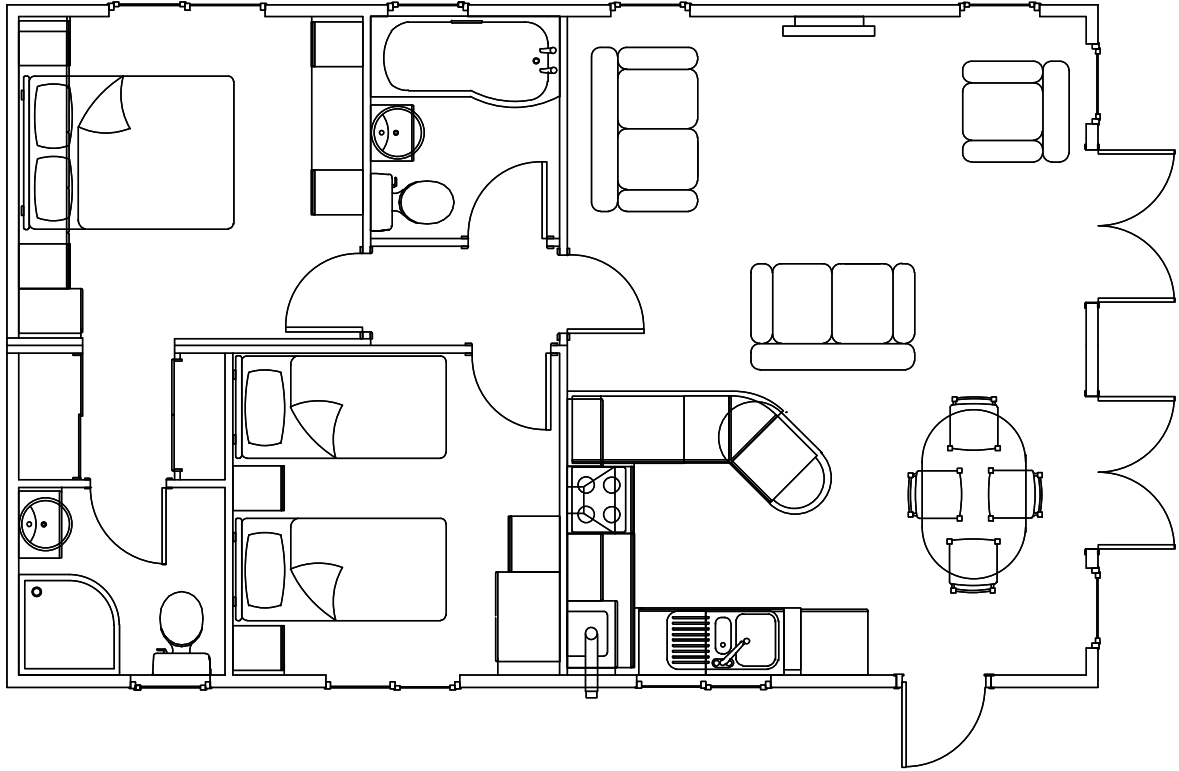

We have more hidden extras in the Warwick Executive, can you spot them?

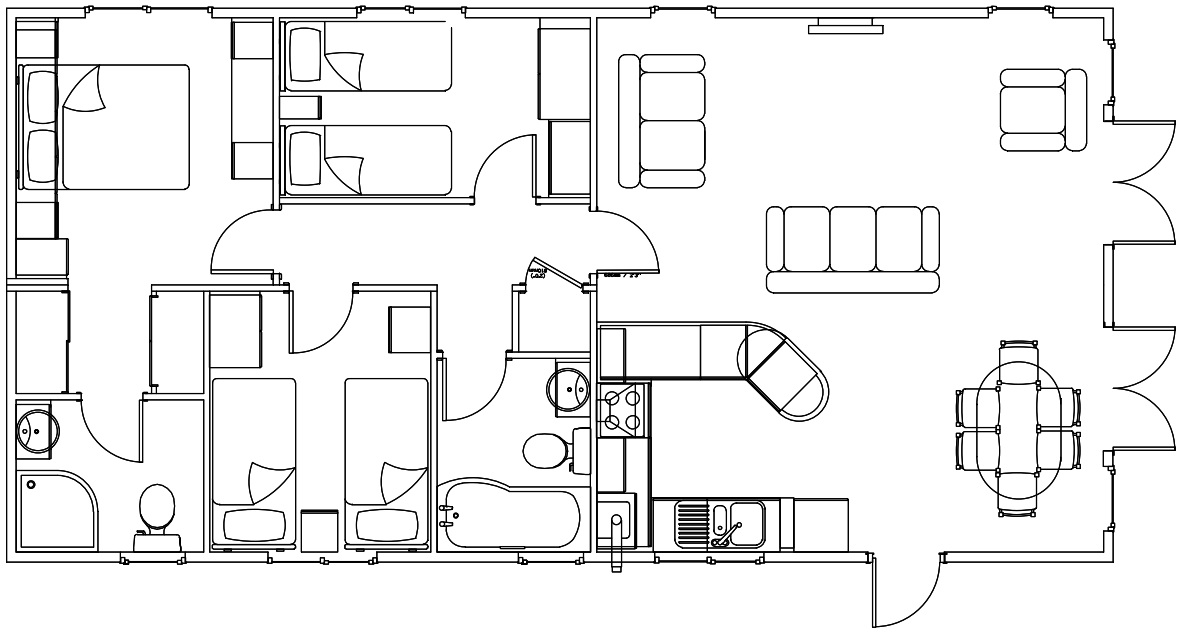

The Warwick Executive is the epitome of cutting edge contemporary design and functional living.
