

Holyrood

Your dream, our design, your leisure home

Stately Albion would like to introduce you to their new Holyrood leisure home.

You enter the Holyrood through the front door which has an attractive gable set into the roof above it. From the hallway you enter the lounge area, where we feel sure you will appreciate the new soft furnishing which is complimented by a very smart fire suite, sure to take the chill off the cooler evenings! French doors will ensure that you will enjoy maximum light at all times of the day.

An arch separates the lounge from the well appointed kitchen diner which includes our integrated package. A glass top table in front of another set of French doors means you may enjoy your dining in style. A useful utility

room with a stainless steel sink has the same matching high gloss walnut units as the kitchen.

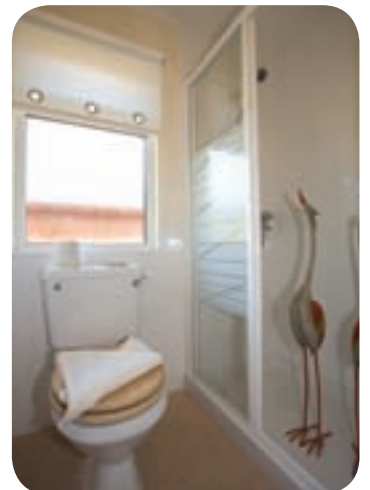

The Bedrooms have been designed in a manner that is not only very comfortable, but allow maximum storage. The master bedroom enjoys the facility of an en suite which has a fully tiled shower cubicle and well fitted vanity unit. The second bedroom has the added bonus of hat lockers fitted over the bed, as well as a large fitted wardrobe.

The lovely bathroom is half tiled, with a large vanity unit as standard.

All in all, Stately Albion feel comfortable knowing that once again they have devised a leisure home with YOU in mind.

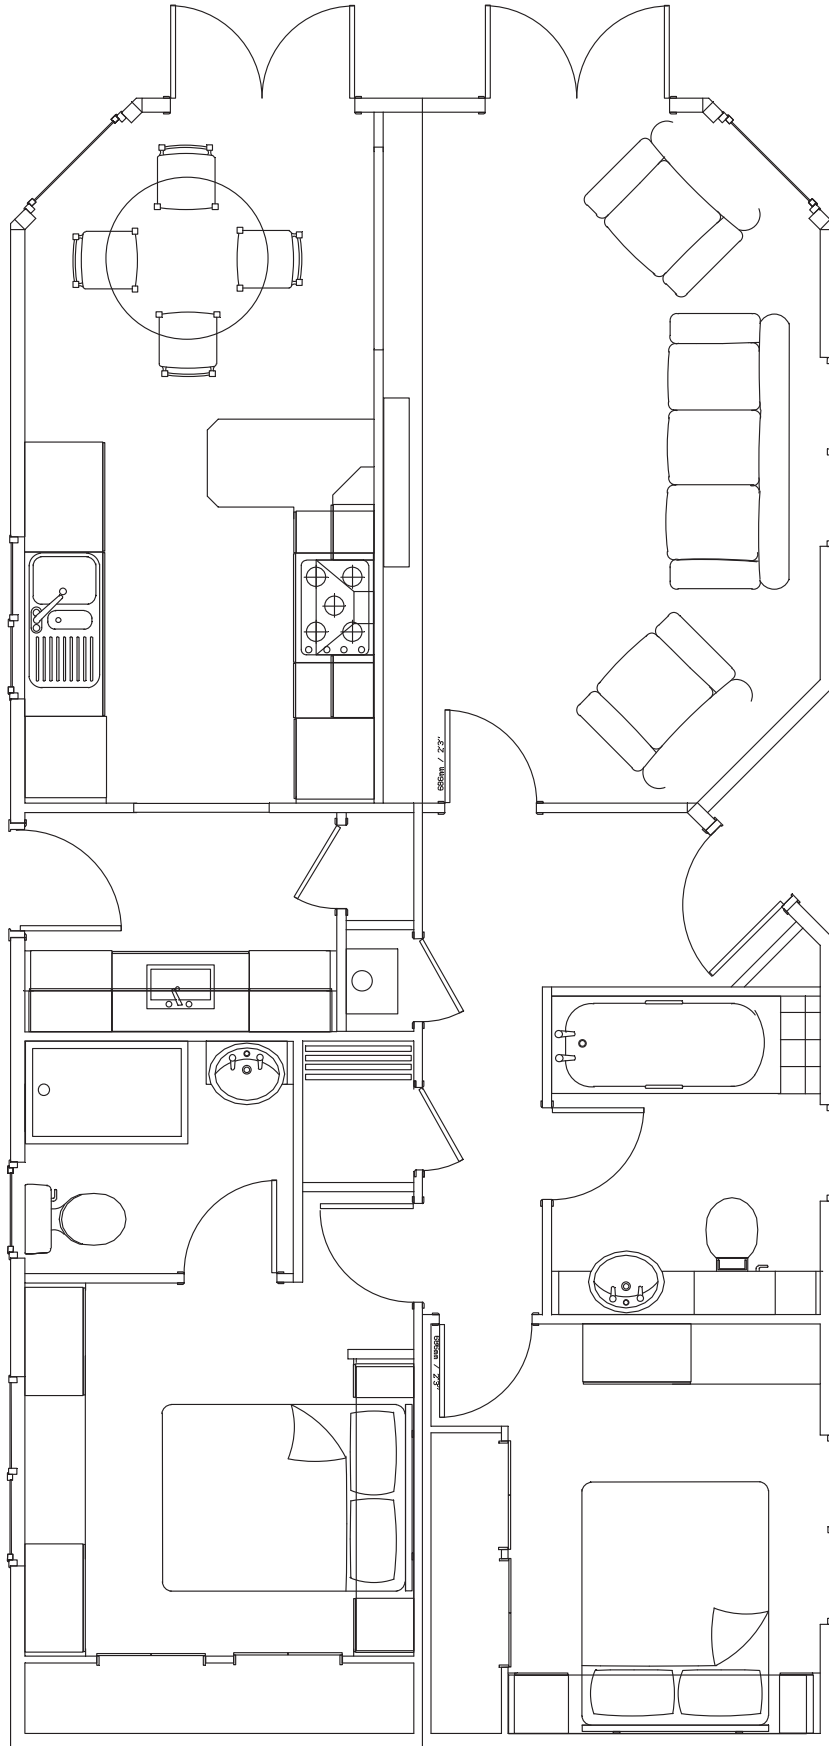

French doors will ensure that you will enjoy maximum light at all times of the day.

“Truly a ‘home from home’ that
you may use to while away your
leisure time.”

Luxury...style...comfort
